FW96 / STUDY 01

TWO SEASONS. ONE PHILOSOPHY.

“Ugly is attractive.
Ugly is exciting.
Maybe because it is
newer.”

- Miuccia Prada

In 1996, Miuccia Prada redefined fashion's direction — first through subtle subversion in Spring/Summer, then sharp intellectual austerity in Fall/Winter. A year that celebrated restraint, rejected seduction, and gave rise to what would become “ugly chic.” This is Prada, 1996

STUDY 01 / CHAPTER I: TEXTURE + TENSION

WHAT YOU WEAR, SAYS WHAT YOU RESIST.

“What you wear is how you present yourself to the world, especially today, when human contacts are so quick. Fashion is instant language.”

- Miuccia Prada

In this chapter, Prada's design language is whispered in textures — not shouted in shapes. The backstage moments reveal the duality of Spring/Summer softness against Fall/Winter's tactile p r e c i s i o n . Sheer knits, glazed cottons, and boucle tweeds clash quietly, exposing a tension between femininity and form.
